

# celebrations!

The Celebrations program was very excited to sponsor an adoption party for a sibling group of five who were adopted together. The party for Sidney (9), Rayella (6), John (5), Daniel (4), and Lucas (2) was held at an inflatables center and featured food, games and door prizes. Everyone involved in the case was invited, including the social workers, attorneys and judges.

Their social worker stated “The children were very happy to celebrate their adoption and the adoptive parents were happy to be able to celebrate without having to worry about the monetary part of it.”

Celebrations is funded solely through donations and 100% of donations go directly to the children’s events.
